

Embassy of the Republic of Colombia

S-EJPTK-26-137

Tokyo, July 22, 2026

Mr.
Osamu TSUKAMOTO
President
Japan Carbon Frontier Organization
Tokyo

Ref.: Nominal support for the 35th Clean Coal Day International Symposium 2026 and the Energy Security with Decarbonization Symposium 2026

Dear Mr. TSUKAMOTO,

I have the honor to acknowledge receipt of your letter requesting nominal support for the 35th Clean Coal Day in Japan International Symposium (2026) and the Energy Security with Decarbonization Symposium 2026. In this regard, it is my distinct pleasure to confirm the Embassy's nominal support for both international symposia.

Energy security, self-sufficiency, and the pragmatic development of energy infrastructure are key to Colombia's economic advancement and national stability. Colombia prioritizes guaranteeing a reliable, uninterrupted energy supply as a primary driver of economic growth, while encouraging high-level foreign investment, modern technology transfer, and realistic decarbonization mechanisms. Ensuring a strong energy balance alongside advanced technology integration remains central to our national scheme.

We firmly recognize that these symposia make an enormous contribution to world society by serving as crucial platforms for global dialogue, industrial cooperation, and realistic solutions that align long-term energy security with environmental responsibility.

Please accept my best wishes for the success of both symposia, as well as the assurances of my highest consideration.

Sincerely yours,

JOSÉ FRANCISCO DÍAZ ULLOA
Chargé d'Affaires a.i.
